

MADISON MATH CIRCLE

MADISON MATH CIRCLE:

A Free Outreach Program Run by the UW
Math Department

Mondays 6-7pm in 3255 Helen C. White

The Madison Math Circle gives high school and middle school students a taste of interesting ideas in math and science. Past presentations have discussed plasma and weather in outer space, the game Set and finite geometry, and the mathematics of juggling.

New students are welcome at any point throughout the year. Free pizza!

Our first meeting in Spring 2016 session will be on February 1st.
